# Finding Your Ancestors During the Great Depression

The Great Depression affected all of our families, whether rich or poor. The Civil Conservation Corps (CCC) & the Works Progress Administration (WPA) hired more than 10 million people during a decade of economic problems, beginning in 1933, leaving valuable records for genealogy researchers.

## Presented by Pat Gordon

As a former newspaper reporter & journalism lecturer at UT-Arlington, Pat especially enjoys researching old newspapers. She served two terms as president and one as vice president of the Fort Worth Genealogical Society.
